

REMARKS

The Examiner objected to claims 49, 55-56, 59-60, and 64-66 but indicated that they would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claim. To overcome these objections, all of those claims have been rewritten in independent form including all of the limitations of the base claim and any intervening claim. All rejected claims have been canceled from the application. Accordingly, this Amendment should be entered under 37 C.F.R. § 1.116(b).

Because the pending claims recite only subject matter that the Examiner has previously indicated is allowable, the Applicant respectfully requests allowance of the application.
